Asset Manager Webservice

Handle asset data by calling this Web-Service from your own custom client.

Description

Asset Manager Webservice for [Matrix42 Workspace Management](#)

The **Asset Manager SOAP Webservice** provides a possibility to call Matrix42 Service Desk actions from your own client application. The following actions are available:

- Edit and delete of an asset
- Change
 - ownership
 - main user
 - status

The Webservice also offers the possibility to modify standard and user-defined attributes of an asset.

Another helpful Add-on for your Asset Management is [Matrix42 Software Asset Management for SaaS](#).
