Send Email With Journal

This action sends mails with journal.

Description

Send Email With Journal for Matrix42 Workspace Management

The **Send Email With Journal** action is a new action which is analog to the standard "Send E-mail" action in Service Store but is extended with the functionality to collect the email journal conversation and paste it to the new email.

This functionality is analog to the email messengers like outlook where you can see the history of your email conversations.

Installation is done [via the Matrix42 Extension Gallery](#).

The manual can be found [here](#).
